

Correlation matrix used in Figure 5 path analysis. Note that Partner Likeability was reverse scored for the analyses, but was not in the matrix below.

Variable	N	Mean	StdDev	Sum	Minimum	Maximum
Self trait aggressiveness	282	2.856077	0.838246	805.413820	1.206900	5.724140
Paftner trait aggressiveness	282	2.856566	0.843343	805.551750	1.206900	5.724140
Partner aggression, early	282	1.319149	2.670037	372.000000	0	15.000000
Partner likeability	282	4.525709	0.754880	1276.250000	1.000000	6.750000
Hostile motives	282	1.576241	0.748333	444.500000	1.000000	5.000000
Instrumental motives	282	1.934397	0.924241	545.500000	1.000000	5.000000
Aggression against partner, late	282	1.599291	2.737456	451.000000	0	10.000000
Sex (1=male, -1 = female)	282	0.085106	0.998143	24.000000	-1.000000	1.000000
